JUL 04 2016

Mr. Fred Herron  
Executive Secretary  
Superannuated Teachers of Saskatchewan  
2311 Arlington Avenue  
SASKATOON SK S7J 2H8

Dear Mr. Herron:

Thank you for your letter of May 24, 2016, regarding a resolution passed by the Superannuated Teachers of Saskatchewan with respect to dispensing fees for medications. I appreciate that you have taken the time to inform me of your views about this matter and I welcome the opportunity to respond.

The prescription dispensing fee is addressed in the pharmacy Proprietor Agreement. The Proprietor Agreement, which expires on August 31, 2016, is negotiated by the Ministry of Health and the Pharmacy Association of Saskatchewan.

According to the Agreement, pharmacists are required to dispense either a two-month or 100 day-supply for one dispensing fee for specific medications that are listed on the Maintenance Drug List.

For drugs that are not on the Maintenance Drug List, pharmacists are entitled to one dispensing fee for a 34 day-supply of medications. The Proprietor Agreement does not stop a pharmacy from providing a larger quantity for one dispensing fee if the prescription allows. The decision to dispense more than a 34 day-supply for one dispensing fee is an individual pharmacy store policy. The members of your organization may wish to speak with staff at their current pharmacy to see if they will provide this option.

Mr. Fred Herron

The Ministry of Health and the Pharmacy Association of Saskatchewan are reviewing the 34 day-supply provision in advance of developing recommendations for inclusion in the next Agreement.

I hope this information is helpful in responding to your resolution.

Sincerely,
